Considered Station

Alignment 1

Alignment 1 (Tempsford variant)

Alignment 9

This map illustrates the proposed New East West Rail (NWR) alignments in the Tempsford area. The map features several key locations and infrastructure elements:

- St Neots:** Located at the top of the map, with the town of Easton Socon and Little Barford nearby.
- Wintringham:** Located to the northeast of St Neots.
- St Neots South:** A station marked with a blue circle containing 'ewr', situated near Barford Road.
- Barford Road:** A road running horizontally across the middle of the map.
- Black Cat Junction:** A junction marked with a blue circle containing 'ewr', located south of Barford Road.
- Tempsford:** A station marked with a blue circle containing 'ewr', located south of the Black Cat Junction.
- Roxton:** A location marked with a white box, situated west of the Black Cat Junction.
- Tempford:** A location marked with a white box, situated south of the Black Cat Junction.
- Great Barford:** A location marked with a white box, situated southwest of the Black Cat Junction.
- Blunham:** A location marked with a white box, situated south of Great Barford.
- Everton:** A location marked with a white box, situated southeast of the Black Cat Junction.
- Gamlingay:** A location marked with a white box, situated east of the Black Cat Junction.
- Abbotsley:** A location marked with a white box, situated northeast of the Black Cat Junction.

The map shows three main alignment routes:

- Alignment 1:** Represented by a dark blue line, running from the top left towards the Black Cat Junction and then curving towards the northeast.
- Alignment 1 (Tempsford variant):** Represented by a red line, running from the Black Cat Junction towards the southeast.
- Alignment 9:** Represented by a blue line, running horizontally across the bottom of the map.

A scale bar at the bottom right indicates distances in kilometers (0, 0.75, 1.5, 2.25, 3 KM). A label 'A428 improvement scheme' points to a dashed white line running horizontally across the middle of the map.
