

Asset Management & Information Executive

Employer:	East West Railway Company
Location:	London initially, then based in the Oxford-Cambridge corridor
Basis:	Permanent
Role Summary:	Unique opportunity to support the development of a nationally significant infrastructure project currently in its initial stages through developing and managing the requirements management capabilities in this new organisation.
Team dimensions:	Reporting to the Head of Asset Management & Asset Information

Would you like to be at the forefront of the changing landscape of the rail industry?

A little bit about us:

East West Rail is a proposed new rail link between Oxford, Milton Keynes, Bedford, Cambridge and potentially beyond. As part of the wider plans for this strategically important corridor, it is one of the most high profile infrastructure projects in the UK today. The new railway will improve local connectivity and serve as a catalyst for economic development and the creation of new housing, as well as significantly reducing existing journey times.

We offer a truly breath-taking opportunity to:

- Innovate, positively disrupt and make impactful decisions
- Openly share your ideas and knowledge
- Be part of a passionate, diverse and friendly team
- Learn, develop and build the career of your dreams
- Have the right work-life balance through flexible working arrangements
- Be rewarded and recognised for your input

Key accountabilities:

As Asset Management & Information Executive for the East West Rail scheme you will:

- Assist in the development and definition of EWRCo Asset Management strategy, taking into account current and future requirements of the company
- Assist in the definition of EWRCo Asset Information strategy.
- Contribute to the development of standards for recording asset information across the company.
- Contribute to the development of a standard suite of asset definition attributes to be used by the company.
- Assist with the implementation of an appropriate asset management system
- Undertake the collection, maintenance and updating, storage and dissemination of AM information
- Help to form company strategy in respect of the use of BIM

Day to day you'll:

- Assist and support the Head of Asset Management & Asset Information
- Review and update asset management and information policy
- Work with colleagues in the Engineering team and the rest of the company to understand asset information needs
- Research and keep abreast of current developments in the fields of asset management, BIM and remote condition monitoring

You should apply if you have:

As Asset Management & Information Executive for the East West Rail scheme, you will have at least 5 years' experience in a comparable position, in a safety critical environment, preferably in the rail industry. Preferably, you will also have some experience of holding roles in fast paced and complex environments during the setup of a new organisation.

Your skills and experience will include:

- Knowledge of asset management best practice within the transport infrastructure or similar environment
- The ability to develop and define strategies for asset management and asset information
- Analytical skills with the ability to analyse complex data (quantitative and qualitative), draw conclusions, and produce solutions and decisions
- Understanding of the attributes and limitations of information systems and tools available to support AM processes: for example, asset registers, work and resource management, condition and performance monitoring and decision support tools
- Understanding of how asset management and asset information strategies support the efficient operation of railway infrastructure

EDUCATION AND QUALIFICATIONS

- Degree in a relevant subject (such as Engineering or IT) or equivalent experience and training
- Ideally, membership of a relevant professional body

You will need to have the right to work in the UK.

Join the team!

Please send your resume and a covering letter explaining why you are interested in the role and meet the above experience requirements to: **recruitment@eastwestrail.co.uk**
